*(Fall 2017 Revision)*

---

Dear Friend:

We are so delighted that you are interested in traveling to the Republic of Haiti to help with the mission work founded by Oran and Arshaloos Bell in 1947. The information in this booklet will aid you in all areas of preparation.

The primary goal of Mission for Haiti, Inc. is to evangelize the lost and disciple the saints in the Word of God. The various team activities (construction, medical, etc. ) are merely the means to accomplish our ultimate goals.

Because Haiti is a Third World country, preparation is very important. Please refer to this booklet often. Personal items should be lightweight and all toiletries should be in miniature. You may check *one* 50 lb. piece of luggage, have a personal carry-on item, and another small carry-on — all free of charge. (*Always be sure to read current on-line TSA requirements as well as baggage information listed for your airline and flight.*)

Mission for Haiti requests that our guests not enter into any agreement with or make any financial gifts to any of our Haitian nationals without first consulting with the directors.

If you have any questions about your trip, please do not hesitate to call us or your team leader. May the Lord bless you as you serve Him in Haiti!

Sincerely in Christ,

Tom and Sarah Bennett
